TITANIC
THE ARTIFACT EXHIBITION

Dear Teachers and Educators,

Thank you for considering BODIES...The Exhibition and/or TITANIC: The Artifact Exhibition as a field trip destination for your class!

We invite you to explore our Exhibition(s) with your students and experience real artifacts respectfully recovered from the wreck site and/or perfectly preserved whole-body specimens in our Las Vegas Exhibition(s).

For groups who choose to visit the Exhibition(s) on a field trip, we have a list of valuable resources that we can provide:

- A Titanic Teacher's Guide – includes hands-on activities, historical information, curriculum standards, chaperone responsibilities, and more for elementary, middle, and high school groups
- A BODIES Teacher's Guide – includes hands-on activities, scientific and anatomical information, curriculum standards, chaperone responsibilities, and background for each of the nine galleries
- Online gallery quizzes for both Exhibitions
- Venue evacuation plans
- Plenty of space for bus off-loading and parking

Can't make it to the Exhibition?

TITANIC: The Artifact Exhibition also offers Virtual Field Trips.

With BODIES...The Exhibition and TITANIC: The Artifact Exhibition, our sites and curriculums are aligned with Nevada state standards, so we hope you will consider us for your next field trip.
